40 YEARS OF WOMEN AT TRINITY
Challenges, Achievements & Change

Brief for *Pairings*, a photography project

Trinity is celebrating 40 years of women at the College. To mark the 40th anniversaries of the arrival of female Fellows, undergraduates and postgraduate students (1975-1978), an arts project is planned.

*Pairings* will feature students, alumni, staff and Fellows to convey who, where or what at Trinity inspired them. Alongside each photograph, there will be text and, for some pairings, a video. The aim is to throw light on the inspiration or motivation Trinity has generated to achieve big and small things, or simply to think differently. Photographs will be taken by the professional photographer and Trinity’s Fellows, students, staff and alumni.

Professional photographers are invited to apply to lead this photography project, on a freelance basis, from January 2017 to May 2017, specifically to:

- Devise, plan and conduct 2-3 training workshops in all aspects of photography for participants (eg composition, shooting and lighting)
- Devise a coherent artistic approach to *Pairings*
- Take your own *Pairings* photographs
- Assist others with their *Pairings* photographs
- Liaise with the Pairings Advisory Group on the repro and installation options
- Liaise throughout with the Communications Officer

**Details**

Depending on the number and quality of entries, we expect between up to 50 *Pairings* images.
You will liaise with the Communications Officer to schedule the training for all those interested and the photography itself.

The reproduction and installation of the exhibition will be organised with your advice and that of the Pairings Advisory Group. The costs will be covered by the College.

**Logistics**

The successful applicant will be expected to use their own camera and lighting equipment. It is expected that participants will use phone cameras although some may have more specialist equipment.

A contract will be signed between the photographer and responsible College Officer.

The fee is £2500, payable in two tranches, midway and at the project’s end, through an invoice. Travel expenses, if required, are reimbursable up to £250, with receipts. It may be possible to stay in College accommodation, if required for consecutive days’ work, but this cannot be guaranteed. No other expenses are payable.

**How to apply**

Please send the following to communications@trin.cam.ac.uk by 16 December 2016:

- Your CV (one side of A4)
- A small selection from your portfolio (max. eight images)
- An outline of how you would run a photography training workshop at Trinity College
- Interviews will be held at Trinity College the week beginning 9 January 2017.
