PREAMBLE

Following the enactment of the Universities of Oxford and Cambridge Act 1923, a body of Commissioners styled the University of Cambridge Commissioners was appointed, with power to make new Statutes for the University and its Colleges, superseding the Statutes of 1882. Statutes for Trinity College were made by the Commissioners on 17 November 1925, and were approved by Order in Council dated 30 April 1926.

At various times after 1926, Amending Statutes were made by the Governing Body of the College and approved by Order in Council, in accordance with the procedure prescribed in section 7 of the 1923 Act. These were incorporated in subsequent editions of the Statutes, printed in 1943, 1955, 1968, 1982, and 1996.

Under the provisions of the Education Reform Act 1988, a further body of Commissioners was appointed, styled the University Commissioners, who were empowered to introduce modifications of the Statutes of all universities and other qualifying institutions so as to ensure that they conform to the requirements of the Act. Modifications of the Statutes of Trinity College, including the introduction of Statute LXXIII (since renumbered LXVII), were made by the Commissioners on 29 September 1993, and were approved by Order in Council dated 26 July 1995. These modifications were incorporated in the edition of 1996.

In 2002–03 the Governing Body undertook a wide-ranging review of the College Statutes, which led to the approval of a revised text of the whole body of the Statutes. This revised text was incorporated in a comprehensive Amending Statute, which was made by the Governing Body on 23 May 2003 and approved by Order in Council dated 11 February 2004. The Statutes printed in the present edition are the result of that revision.

March 2004
STATUTES OF TRINITY COLLEGE

STATUTE I

The Visitor

The Visitor of the College is as heretofore the Crown.

STATUTE II

The Foundation of the College

The Foundation of the College shall consist of the Master, the Fellows, the Scholars, the Chaplains, the Librarian, and the Regius Professors of Divinity, Hebrew, and Greek.

STATUTE III

The Master

1. The Master shall be a Master of Arts or of some equal or superior degree in the University, appointed as heretofore by the Crown by letters patent under the Great Seal.

2. The Master shall reside in College during two-thirds at least of each term, and altogether during two hundred and ten days at least of each year, unless absent on account of illness or other grave cause approved by the Council. If the Council disallow the reason for such absence the Master shall forthwith come into residence.

3. The Master shall exercise a general superintendence over the affairs of the College and, if present, shall preside at College Meetings and meetings of the Governing Body, meetings of the Council, and meetings of the Electors to Fellowships and Senior Scholarships; and shall have power in all cases not provided for by these Statutes or by any College Ordinance or order to make such provision for the government and discipline of the College as he or she shall think fit.

4. Before entering upon the administration of the College the Master shall be admitted by the Vice-Master and the Fellows in the customary manner after having read aloud and signed in their presence the following declaration:

   I, N.N., appointed Master of Trinity College, do hereby promise that I will faithfully perform the duties of my office without fear or favour, will observe the Statutes, Ordinances, and good customs of the College, and will in all things endeavour to promote its welfare.
STATUTE IV

Retirement of the Master

1. On 30 June next after reaching the age of seventy the Master shall retire from office, unless at a meeting of the Fellows without the Master a resolution has been passed with the concurrence of the votes of not less than one-half of the whole number of Fellows, and not less than two-thirds of the number of Fellows present, to the effect that it is desirable in the interests of the College that he or she continue in office. Such a resolution shall postpone the date on which the Master must necessarily retire from office by any period not greater than five years which the resolution may fix, and a further extension beyond the end of any such period may be granted under like conditions; provided always that the Master shall retire from office not later than 30 June next after reaching the age of seventy-five.

2. Such a meeting shall be summoned in the manner hereinafter provided for College Meetings, except that it shall be summoned by the Vice-Master. It shall be held not more than nine months nor less than three months before the day on which the Master is due to retire from office.

3. On retiring from office, either by voluntary retirement or under the provisions of this Statute, the Master shall ipso facto become a Fellow under Title E.

STATUTE V

The Fellows

1. There shall be at least sixty Fellows. They shall have such rights and duties as are hereinafter provided. A vacant Fellowship, when the number of Fellows is below sixty, shall be filled within one year and six months of its becoming vacant, unless the Visitor consents to its being left vacant.

2. Four of the Fellows shall be Ely Fellows on the foundation of Ashley William Graham Allen. Their Fellowships shall be similar in every respect to other Fellowships, and all the provisions of these Statutes relating to Fellows or Fellowships shall apply as well to Ely Fellows or Ely Fellowships as to other Fellows or Fellowships of the College. Whenever an Ely Fellowship falls vacant, the next Fellow elected shall be an Ely Fellow.

3. Every Fellow shall hold his or her Fellowship under one of the following Titles:

   Title A A Fellow elected at the Annual Election (Statute VII).
   Title B A Fellow engaged in the systematic pursuit of some branch of University studies (Statutes VIII.1, X.3 and 4).
Title C A Fellow holding any of the offices specified in Part I of the Schedule to these Statutes, hereinafter called Qualifying College Offices (Statute VIII.2).

Title D A Fellow holding any of the offices specified in Part II of the Schedule to these Statutes, hereinafter called Qualifying University Offices (Statute VIII.3 and 4).

Title E A Fellow who has previously held a Fellowship under one or other of Titles B, C, and D until the attainment of such age or the completion of such period of service as is required by these Statutes to be attained or completed for holding a Fellowship under this Title (Statute X.7–11), or who has vacated the Mastership otherwise than by removal from office under the provisions of Part VII of Statute LXVII.

Title F A Fellow elected for a period of not more than two years, being a person not normally resident in Cambridge (Statute VIII.5).

STATUTE VI

Professorial Fellowships

There shall be at least such number of Professorial Fellowships as shall from time to time be assigned to the College under the Statutes of the University.

STATUTE VII

The Annual Election of Fellows

1. An Annual Election of Fellows shall take place on such day as the Council shall appoint.

2. The election shall be vested in the Master and such of the Fellows or other persons as the Council shall have appointed Electors for that occasion, but no one except the Master shall vote at the election unless he or she has previously taken part in examining the qualifications of the candidates.

3. Unless prevented by grave cause the Master shall be chairman of the Electors and shall be present throughout the meeting at which the election is made. If the Master is so prevented, the Electors shall appoint some other member of their body to be chairman.

4. The election shall in every case be decided by a majority of votes. In the case of an equality of votes the chairman shall have a second or casting vote.

5. The intellectual qualifications of the candidates and their proficiency in any branch or branches of University studies shall be ascertained in such manner as the Council shall determine, and the Electors shall choose in each case that
candidate (being duly qualified according to these Statutes) whom they deem to be most fit to be a Fellow of the College as a place of education, religion, learning, and research.

6. The Council shall place at the disposal of the Electors such number of Fellowships as they think fit.

7. The Electors may fill up the whole number of Fellowships placed at their disposal or such lesser number as they think fit.

8. A College Meeting may from time to time, by a resolution so passed as to be binding on the College, make regulations or empower the Council to make regulations determining the conditions of candidature for Fellowships at the Annual Election; provided always that no person shall be deprived of any opportunity of being a candidate which he or she would enjoy under the regulations subsisting at the time at which he or she first came into residence.

STATUTE VIII

Election of Fellows otherwise than at the Annual Election

1. The Council may at a special meeting held for that purpose, and by a resolution passed with the concurrence of the votes of not less than two-thirds of the members, elect to a Fellowship under Title B any person, not being Master or Fellow of another College, concerning whom they are satisfied that he or she is engaged in the systematic pursuit of some branch of University studies and is likely to make contributions of high value to his or her subject of study.

2. The Council may at a special meeting held for that purpose (a) elect to a Fellowship under Title C any person holding a Qualifying College Office, not being Master or Fellow of another College, or (b) pre-elect to a Fellowship under that Title any person appointed or elected to hold such an office.

3. Subject always to the provisions of the University Statutes for the time being relating to Professorial Fellowships, the Council may at a special meeting held for that purpose, and by a resolution passed with the concurrence of the votes of not less than two-thirds of the members, (a) elect to a Fellowship under Title D any person holding a Qualifying University Office, not being Master or Fellow of another College, or (b) pre-elect to a Fellowship under that Title any person appointed or elected to hold such an office.

4. Every person elected to the Regius Professorship of Greek who is not at the date of his or her election Master or Fellow of another College, or who at any time after such election ceases to be Master or Fellow of another College, shall be entitled to hold a Fellowship under Title D during his or her tenure of the Professorship, and if not already a Fellow shall, on declaring to the Master in writing that he or she desires it, become a Fellow thereby in like manner in all
respect as if he or she had been elected or pre-elected, as the case may be, at the
time of making such declaration, and shall be admitted accordingly,
notwithstanding that the whole number of Professorial Fellowships assigned to
the College may be already filled.

5. The Council may at a special meeting held for that purpose, and by a
resolution passed with the concurrence of the votes of not less than two-thirds of
the members, elect to a Fellowship under Title F any person who is not normally
resident in Cambridge and who is primarily concerned with the furtherance of
education, learning, or research. The tenure of a Fellowship under Title F shall be
subject to such conditions and shall be for such period or periods as the Council
shall determine; provided that no person shall hold a Fellowship under this Title
for more than two years in total, and that there shall not at any time be more than
five persons holding Fellowships under Title F.

STATUTE IX

Roll of Fellows and admission of Fellows

1. Every Fellow shall have priority on the roll of Fellows according to priority
of election, provided that
   
   (a) a person who is pre-elected to a Fellowship under the provisions of
       Statute VIII.2(b) or VIII.3(b), or who is deemed under the provisions of
       Statute VIII.4 to have been so pre-elected, shall have priority from the
date on which the tenure of his or her Fellowship begins;
   
   (b) a person who, after vacating a Fellowship, is then elected again to a
       Fellowship within thirty days shall have priority on the roll of Fellows
       as if he or she had not vacated his or her Fellowship.

   Fellows whose tenure begins on the same date shall take their rank on the roll of
   Fellows according to the seniority of their degrees.

2. Every Fellow shall be admitted as soon as conveniently may be after the
date on which the tenure of his or her Fellowship begins and at such time as the
Council shall appoint. A Fellow who neglects or refuses to be so admitted shall
thereby forfeit his or her Fellowship.

3. Every Fellow before being admitted shall in the presence of the Council
read aloud and then sign a declaration as follows:

   I, N.N., elected Fellow of Trinity College, do hereby promise that I will
   loyally observe the Statutes, Ordinances, and good customs of the College,
   and in all things endeavour to promote its welfare.

4. When under the provisions of Statute IV.3 the Master becomes a Fellow on
vacating the Mastership, he or she shall not require to be admitted and shall have
such priority on the roll of Fellows as the Council may determine.
STATUTE X

Tenure and vacating of Fellowships

1. Every Fellow shall hold his or her Fellowship and enjoy the advantages thereof from the date of his or her election or, in the case of a Fellow elected by the Council under the provisions of Statute VIII, from such other date (if any) as may be specified in the resolution by which he or she is elected; provided that a person pre-elected under the provisions of Statute VIII.2(b) or VIII.3(b) shall hold his or her Fellowship from the date on which the tenure of his or her Qualifying Office begins.

Fellows under Title A

2. (a) Except as provided in subsection (b) of this section or in section 3 below, a person holding a Fellowship under Title A shall vacate it on the fifteenth day before the end of four years from the date of his or her election; provided that the Council may, at a special meeting held for that purpose (exclusive of the Fellow concerned, if a member of the Council), and by a resolution passed with the concurrence of the votes of not less than two-thirds of the members entitled to vote on the question, continue such a Fellow in his or her Fellowship under Title A for a further period of not more than two years if they are satisfied that it is of special importance either for the furtherance of research or in the interests of the College that he or she should be so continued.

(b) A person holding a Fellowship under Title A who becomes qualified to hold it under either Title C or Title D shall thereafter hold it under Title C or Title D as the case may be and shall cease to hold it under Title A.

Fellows under Title B

3. (a) If the Council are satisfied that a Fellow holding his or her Fellowship under any of the Titles A, C, and E is engaged in the systematic pursuit of some branch of University studies and has made, or is likely to make, contributions of high value to his or her subject of study, they may, at a special meeting held for that purpose (exclusive of the Fellow concerned, if a member of the Council), and by a resolution passed with the concurrence of the votes of not less than two-thirds of the members entitled to vote on the question, continue such a Fellow in his or her Fellowship under Title B.

(b) A person who is continued in his or her Fellowship under the provisions of subsection (a) above shall hold it under Title B from such date as may be specified by the Council, and shall cease from that date to hold it under Title A, C, or E as the case may be.
4. (a) A person holding a Fellowship under Title B shall be bound to reside in the University for the greater part of each term unless excused by the Council, and may be required by the Council to deliver a course of lectures in one term of each year on his or her subject of study.

(b) Except as provided in subsection (c) below, a person holding a Fellowship under Title B shall hold it for such period, not exceeding five years, as may be determined by the Council at the time of his or her election to, or continuation in, the Fellowship, as the case may be, and shall vacate it at the end of such period unless he or she is then continued in it by the Council under the provisions of subsection (d) below or is entitled under the provisions of sections 7–9 below to hold it under Title E.

(c) A person holding a Fellowship under Title B who becomes qualified to hold it under either of the Titles C and D shall thereafter hold it under Title C or Title D as the case may be and shall cease to hold it under Title B.

(d) If the Council are satisfied that a Fellow holding his or her Fellowship under Title B is continuing to make contributions of high value to his or her subject of study, they may, at a special meeting held for that purpose (exclusive of the Fellow concerned, if a member of the Council), and by a resolution passed with the concurrence of the votes of not less than two-thirds of the members entitled to vote on the question, continue such a Fellow in his or her Fellowship under Title B for such period, not exceeding five years, as may be determined by the Council at the time.

Fellows under Title C

5. (a) Except as provided in subsection (b) below, a person holding a Fellowship under Title C shall continue to hold it until he or she ceases to hold a Qualifying College Office and shall then vacate it unless he or she is continued in it under Title B by the Council under the provisions of section 3 above or is entitled under the provisions of sections 7, 8, or section 9 below to hold it under Title E.

(a) Subject always to the provisions of the University Statutes for the time being relating to Professorial Fellowships, a person holding a Fellowship under Title D may be required by the Council to undertake such duties on behalf of the College as shall be prescribed by Ordinance or as may be defined by the Council in a particular case.

(b) Except as provided in subsection (c) below, a person holding a Fellowship under Title D shall continue to hold it until he or she ceases to hold a Qualifying University Office, and shall then vacate it unless he or she is entitled under the provisions of section 7, section 8, or section 9 below to hold it under Title E.

(c) A person who is subject to a requirement imposed under subsection (a) above shall vacate his or her Fellowship if he or she ceases to comply with the requirement, unless he or she is entitled under the provisions of section 7, section 8, or section 9 below to hold it under Title E.

9. Except as provided in sections 3(a), 4(c) or 5(b) above, a person who ceases on or after attaining the age of sixty-seven to hold his or her Fellowship under any one of the Titles B, C, D and F, immediately after holding a Fellowship under any one or more of those Titles without intermission for a total period of not less than twelve years, shall hold it under Title E.

Fellows under Title C

4. (a) A person holding a Fellowship under Title B shall be bound to reside in the University for the greater part of each term unless excused by the Council, and may be required by the Council to deliver a course of lectures in one term of each year on his or her subject of study.

STATUTE XI

Power of removal of Fellows

1. If any three Fellows of the College or any two members of the Council prefer before the Master against a Fellow (not being a member of the academic staff to whom Statute LXVII applies) a charge of disgraceful conduct, the Master shall with all convenient speed summon a special meeting of the Council exclusive of the accused and of the Fellows preferring the charge, if members of the Council. The Council shall proceed to inquire into the case, and if the charge is proved may, by a resolution passed with the concurrence of the votes of not less than two-thirds of the members entitled to vote on the question, deprive the offending Fellow of his or her Fellowship.

2. If the Master in any case thinks it proper to cause an inquiry to be instituted to determine whether or not the conduct of a Fellow has been disgraceful, he or she may summon a special meeting of the Council exclusive of the Fellow concerned, if a member of the Council. The Council shall proceed to inquire into the case and if disgraceful conduct is proved may, by a resolution passed as aforesaid, deprive the offending Fellow of his or her Fellowship.

3. In either of the cases above mentioned the Council shall have discretion not to deprive the Fellow of his or her Fellowship but to suspend him or her from the enjoyment of the benefits and advantages of his or her Fellowship for any period not less than one year.

4. In case of any sentence imposed under sections 1–3 above there shall be a right of appeal to the Visitor; and the Visitor shall have power either to annul the sentence or to vary it at his or her discretion.

5. If any Fellow of the College pertinaciously offend against the discipline of the College or wilfully violate or neglect to comply with any of the Statutes of the College, it shall be the duty of the Council (exclusive of the Fellow concerned, if a member of the Council) on proof of such misconduct to admonish him or her and (if necessary) to repeat the admonition; and if notwithstanding the repeated admonition the Fellow contumaciously persist in such misconduct, it shall be competent for the Council (exclusive of the Fellow concerned, if a member of the Council) to suspend him or her from the enjoyment of the benefits and advantages of his or her Fellowship for one year, and if such Fellow still continue contumacious to deprive him or her altogether of his or her Fellowship; provided that no such sentence of suspension or deprivation shall be passed except with the concurrence of the votes of not less than two-thirds of the members entitled to vote on the question, and that any such sentence of suspension or deprivation shall be liable on appeal being made to the Visitor to be annulled or varied at the Visitor’s discretion.
STATUTE XII

Rooms in College

1. A Fellow shall be entitled to a set of rooms in College free of rent and taxes, if any is vacant, on condition of passing in College either at least two-thirds of the nights in each Full Term or at least a hundred and eighty nights in each year.

2. The Council may assign such rooms in College free of rent and taxes, in such cases and on such conditions as they think fit, to Fellows who do not intend to fulfil either of the conditions mentioned in the foregoing section.

3. No one except the Master shall be allowed to have residing in College his or her spouse or family.

STATUTE XIII

Commons

1. The Fellows shall be entitled to dine in Hall free of charge.

2. If a Fellow is unable to dine in Hall on account of illness, a payment in lieu of commons may be made to him or her at the discretion of the Council.

STATUTE XIV

The Past Fellows

1. A Past Fellow shall not be deemed a Fellow for the purposes of these Statutes.

2. Subject to any payments and limitations which the Council may from time to time prescribe, a Past Fellow, so long as he or she remains a member of the College, shall have the right to dine in Hall and, if for some important purpose approved by the Council he or she desires to reside in College, then to have rooms in College, and shall enjoy any other privileges that the Council may think fit.

3. The Council may for grave cause, by a resolution passed with the concurrence of the votes of not less than two-thirds of the members, withhold or withdraw from a Past Fellow the rights and privileges aforesaid.

STATUTE XV

7. Any part of the income of any of the aforesaid funds not expended in any year may at the discretion of the Council either be applied as income of the fund in any subsequent year or be invested and added to the capital of the fund.
1. This Statute and any Ordinance made under this Statute shall be construed in every case to give effect to the following guiding principles, that is to say:
   (a) to ensure that members of the academic staff of the College have freedom within the law to question and test received wisdom, and to put forward new ideas and controversial or unpopular opinions, without placing themselves in jeopardy of losing their jobs or privileges;
   (b) to enable the College to provide education, to promote religion and learning, and to engage in research efficiently and economically; and
   (c) to apply the principles of justice and fairness.
2. No provision of this Statute shall enable any member of the academic staff to be dismissed unless the reason for the dismissal may in the circumstances (including the size and the administrative resources of the College) reasonably be treated as a sufficient reason for dismissal.
3. This Statute shall apply:
   (a) to any person who holds a College office designated by Ordinance as an office to which this Statute applies; and
   (b) to any person employed by the College to carry out teaching or research, save for those holding appointments which have been excluded by Ordinance from the scope of this Statute on the ground that the duties in that regard are of a limited nature only; and
   (c) to the Master to the extent and in the manner set out in Part VII of this Statute.
In this Statute any reference to ‘academic staff’ is a reference to persons to whom this Statute applies.
4. For the purposes of this Statute the following terms have the meanings specified:
   (a) ‘Dismiss’ and ‘dismissal’ refer to the dismissal of a member of the academic staff and

of the kind which the person concerned was appointed or employed to do, means:

(i) conviction for an offence which may be deemed by a Disciplinary Committee appointed under Part III of this Statute to be such as to render the person convicted unfit for the performance of the duties of his or her office or for employment as a member of the academic staff of the College; or

(ii) conduct of an immoral, scandalous, or disgraceful nature incompatible with the duties of the office or employment; or

(iii) conduct constituting failure or persistent refusal or neglect or inability to perform the duties or comply with the conditions of the office or employment; or

(c) In this section ‘capability’ means capability assessed by reference to skill, aptitude, health, or any other physical or mental quality; and ‘qualifications’ means any degree, diploma, or other academic, technical, or professional qualification relevant to an office or position held.

5. For the purposes of this Statute dismissal shall be taken to be dismissal by reason of redundancy if it is attributable wholly or mainly to:

(b) the fact that the requirements of that activity for members of the academic staff to carry out work of a particular kind in that place have ceased or diminished or are expected to cease or diminish.

6. (a) In any case of conflict, the provisions of this Statute shall prevail over those of any other Statutes in force on 26 July 1995 and over those of any Ordinance, and the provisions of any Ordinance made under this Statute shall prevail over those of any other Ordinance made under such other Statutes; provided that Part III, Part IV, and Part VII of this Statute shall not apply in relation to anything done or omitted to be done before 26 July 1995, and provided also that disciplinary proceedings in relation to anything done or omitted to be done before that date may

continue or be instituted after that date under the relevant College Statutes in force before that date.

(b) For the avoidance of doubt it is hereby declared that nothing in Part III of this Statute shall be construed as affecting the Statutes and Ordinances of the College concerning re-election on the expiry of a fixed term of a Fellowship.

(c) In any case where an officer of the College or any other person is designated to perform any duties or exercise any powers under this Statute, and that officer is himself or herself involved in the matter in question, the Council may appoint an alternate to act in such officer’s place under procedures prescribed by Ordinances made under this Statute.

7. (a) Nothing in any appointment made, or contract entered into, shall be construed as overriding or excluding any provision made by this Statute concerning the dismissal of a member of the academic staff by reason of redundancy or for good cause; provided that this shall not invalidate any waiver made under section 142 of the Employment Protection (Consolidation) Act 1978.

(b) Nothing in any other Statute shall enable the Council to delegate their power to reach a decision under section 11 below.

8. No one shall sit as a member of any of the bodies established under this Statute, and no one shall be present at a meeting of such a body when the body is considering its decision or discussing a point of procedure, except as provided by this Statute or by Ordinances made under this Statute.

10. Nothing in this Part shall prejudice, alter, or affect any rights, powers, or duties of the College or apply in relation to a person unless:

(a) his or her appointment was made, or his or her contract of employment was entered into, on or after 20 November 1987; or

(b) he or she was promoted on or after that date.

For the purposes of this section in relation to a person, a reference to an appointment made or a contract entered into on or after 20 November 1987 or to promotion on or after that date shall be construed in accordance with subsections (3) to (6) of section 204 of the Education Reform Act 1988.

11. The Council shall have power to decide that there should be a reduction by way of redundancy either (a) in the academic staff of the College as a whole, or (b) in the academic staff concerned with a particular field of study in the College.
12. If the Council have reached a decision under section 11, they shall:

*either (a)* select the requisite members of the academic staff for dismissal by reason of redundancy, if such a course satisfies the guiding principles set out in section 1;

*or (b)* appoint a Redundancy Committee, whose duties shall be:

(i) to select the requisite members of the academic staff and recommend them for dismissal by reason of redundancy, and

(ii) to report their recommendations to the Council by such date as the latter may determine.

A Redundancy Committee appointed under this section shall comprise:

(a) a Chairman;

(b) two members of the academic staff;

(c) two Fellows not being members of the academic staff.

13. The Council shall either approve any selection recommended by the Redundancy Committee, or remit it to the Redundancy Committee for further consideration in accordance with such further directions as the Council may give.

14. A member of the academic staff shall not be selected for dismissal under this Part unless he or she has been afforded a reasonable opportunity to make representations to the Council.

15. If the Council have themselves selected a member or members of the academic staff for dismissal by reason of redundancy, or have approved a selection recommended by the Redundancy Committee, they may authorise the Master or the Vice-Master, as their delegate, to dismiss any member of the academic staff so selected.

16. Each member of the academic staff selected for dismissal shall be given separate notice of such selection. The notice shall sufficiently identify the circumstances which have satisfied the Council that the intended dismissal is reasonable and in particular shall include:

(a) a summary of the action taken by the Council under this Part;

(b) an account of the selection procedure used;

(c) a reference to the rights of the person notified to appeal against the dismissal or the decision to dismiss and to the time within which any such appeal is to be instituted under Part V of this Statute; and

(d) a statement indicating when the intended dismissal is to take effect.

*Part III Discipline, dismissal, and removal from office*

17. If it appears to the Vice-Master that there are grounds for believing that the conduct or performance of a member of the academic staff is or has been unsatisfactory, he or she shall inquire into the matter. If the Vice-Master concludes after investigation that the member is at fault, he or she may issue an oral warning to the member. The Vice-Master shall specify the reason for the
warning, shall indicate that it constitutes the first stage of the College’s disciplinary procedure, and shall advise the member that he or she may appeal against the warning under section 20 below.

18. If the Vice-Master concludes after investigation that the fault is sufficiently serious to justify it, or if a further offence occurs, he or she may issue a written warning to the member. Such a warning shall specify the complaint made against the member, the improvements required in the member’s conduct or performance, and the period of time within which such improvements are to be made. The Vice-Master shall advise the member that he or she may appeal against the warning under section 20 below, and shall indicate that, if no satisfactory improvement takes place within the stated time, a complaint may be made to the Master under section 21.

19. The Vice-Master shall keep a written record of any warning issued under section 17 or section 18. No further account shall be taken of an oral warning when one year has elapsed after the date of issue, and no further account shall be taken of a written warning when two years have elapsed after the date of issue.

20. A member of the academic staff who wishes to appeal against a disciplinary warning shall inform the Master within two weeks. The appeal shall be heard by an Appeal Committee appointed by the Council; the Committee’s decision shall be final. If the appeal is allowed, the warning shall be disregarded for the purposes of section 19.

21. If there has been no satisfactory improvement following a written warning issued under section 18, or in any case where it is alleged that the conduct or performance of a member of the academic staff may constitute good cause for dismissal or removal from office, a complaint may be made to the Master seeking the institution of disciplinary proceedings under section 26. In order to deal fairly with such a complaint the Master shall institute such inquiries (if any) as appear to him or her to be necessary.

22. If it appears to the Master (whether on receipt of a complaint or otherwise) that there are grounds for believing that the conduct or performance of a member of the academic staff could constitute good cause for dismissal, he or she shall write to the person concerned inviting comment in writing and may suspend the person concerned from the performance of his or her duties without loss of emolument.

23. As soon as may be following the receipt of any comments, and in any event not later than twenty-eight days after comments were invited, the Master shall consider the matter in the light of all the available evidence and may either dismiss the matter summarily, or issue an oral or written warning to the person concerned, or determine that the matter should be considered by a Disciplinary Committee appointed under section 24.
24. If the Master has determined that the matter should be considered by a Disciplinary Committee, the Council shall at the Master’s request appoint such a committee to hear the charge or charges, to determine whether the conduct or performance of the person charged constitutes good cause for dismissal or otherwise constitutes serious misconduct relating to his or her appointment or employment, and to make recommendations concerning the action to be taken as a result of the committee’s findings. Pending the consideration of such recommendations, the Master, after consulting the Council, may suspend the person charged from the performance of his or her duties without loss of emolument.

25. A Disciplinary Committee shall consist of three persons selected by the Council from a panel of not less than seven Fellows appointed annually by the Council. No member of the Council shall be a member of the panel. In selecting members of the panel for appointment as members of a Disciplinary Committee, the Council shall exclude the person charged, any person responsible for originating the charge or charges (whether by making a complaint or otherwise), and any person who has been involved at an earlier stage in any preliminary hearing or investigation.

26. When a Disciplinary Committee has been appointed, the Council shall instruct a solicitor or other suitable person to formulate a charge or charges and to present, or arrange for the presentation of, the charges before the Committee. It shall be the duty of the person formulating the charge or charges (a) to forward the charge or charges to the Committee and to the member of the academic staff concerned, together with the other documents therein specified and a list of all witnesses that the College proposes to call, with statements containing the evidence that they are expected to give; and (b) to make any necessary administrative arrangements for the summoning of witnesses, the production of documents, and generally for the proper presentation of the case before the Committee. The procedure to be followed in respect of the preparation, hearing, and determination of a charge or charges by a Disciplinary Committee shall be prescribed by Ordinances made under this section. Such Ordinances shall ensure:

(a) that the person charged is entitled to be represented by another person, whether such person is legally qualified or not, in connection with and at any hearing of charges by the Committee;

(b) that a charge shall not be determined without an oral hearing at which the person charged and any person appointed to represent him or her are entitled to be present;

(c) that witnesses may be called, both on behalf of the person charged and by the person presenting the charge, and may be questioned concerning any relevant evidence;
that no new witness or documentary evidence may be introduced by the person presenting the charge without the Committee’s consent, which shall not be given save for good reason, and that if late introduction is allowed the person charged shall be allowed an adjournment sufficient to allow him or her to consider and respond to the new evidence;

(e) that any charge is heard and determined as expeditiously as is reasonably practicable.

27. The Disciplinary Committee shall send their decision on any charge referred to them (together with their findings of fact regarding the charge, the reasons for their decision, and, if they find the charge proved, their recommendations concerning the appropriate penalty, if any) to the Master, the person charged, the person responsible for presenting the charge, and any person who shall have been added as a party by the Disciplinary Committee. The Committee shall draw attention to the period of time within which any appeal should be instituted by ensuring that a copy of Part V of this Statute accompanies the notification of their decision sent to the person charged.

28. If the charge or charges are upheld and the Disciplinary Committee find that the conduct of the person concerned constitutes good cause for dismissal and recommend that he or she be dismissed or removed from office, but in no other case, the Master, after consulting the Council, may dismiss him or her.

29. If the charge or charges are upheld but the Master, after consulting the Council, decides not to dismiss the person concerned, or if the Disciplinary Committee have recommended some lesser penalty than dismissal, the Master shall:

either (a) discuss the issues raised with the person concerned;

or (b) advise the person concerned about his or her future conduct;

or (c) warn the person concerned;

or (d) suspend the person concerned for such period as the Master may think fair and reasonable, provided that such suspension shall not continue beyond three months from the date on which the Council shall have considered the Disciplinary Committee’s decision;

or (e) take such further or other action under the contract of employment or terms of appointment of the person concerned as appears fair and reasonable in all the circumstances of the case;

or (f) combine any of the courses of action specified above;

provided that any action taken by the Master under this section shall not comprise a penalty greater than that recommended by the Disciplinary Committee.

30. Any reference in section 29 to the Master shall include a reference to an officer acting as the Master’s delegate. Any action taken by the Master or by his or her delegate under that section shall be confirmed in writing.
Part IV Removal for incapacity on medical grounds

31. This Part makes separate provision for the dismissal or removal from office of a member of the academic staff by reason of incapacity on medical grounds. In this Part:

(a) a reference to medical grounds is a reference to capability assessed by reference to health or any other physical or mental quality;

(b) a reference to a member of the academic staff includes, in cases where the nature of the alleged disability so requires, a person having authority to act on behalf of that member in addition to (or instead of) the member.

32. If it appears to the Master that the removal from office of a member of the academic staff on medical grounds should be considered, the Master:

(a) shall inform the member accordingly, giving notice of the reasons; and

(b) shall notify the member in writing that it is proposed to make an application to his or her medical practitioner for a medical report and shall seek the member’s consent in writing in accordance with the requirements of the Access to Medical Reports Act 1988; and

(c) may suspend the member from the performance of his or her duties without loss of emolument.

33. If in the light of any medical report obtained under section 32 the Master, after consulting the Council, is satisfied that a member of the academic staff should be required to retire on medical grounds, and if the member accepts the Master’s opinion, the Master shall terminate the member’s employment on those grounds.

34. If the member of the academic staff does not agree that his or her removal on medical grounds should be considered, or if after a medical report has been obtained the member declines to retire on medical grounds, the Master may refer the case in confidence, with all relevant medical and other evidence (including any such evidence submitted by the member), to a Medical Board comprising:

(a) a medically qualified chairman appointed by the Council with the agreement of the member of the academic staff concerned or, in default of such agreement, on the nomination of the President of the Royal College of Physicians of London;

(b) one person appointed by the Council;

(c) one person appointed by the member of the academic staff concerned or, in default of such appointment, a second person appointed by the Council.

35. The procedure to be followed in respect of the preparation, hearing, and determination of a case by a Medical Board shall be prescribed by Ordinances made under this section. Such Ordinances shall ensure:
(a) that the member of the academic staff concerned is entitled to be represented by another person, whether such person is legally qualified or not, in connection with and at any hearing by the Board;
(b) that a case shall not be determined without an oral hearing at which the member of the academic staff concerned is entitled to be represented;
(c) that witnesses may be called and may be questioned concerning any relevant evidence;
(d) that the case is heard and determined as expeditiously as is reasonably practicable.

A Medical Board may require the member of the academic staff concerned to undergo medical examination.

36. The College shall meet the reasonable costs of any medical report or medical examination required under section 32 or section 35.

37. If a Medical Board determines that a member of the academic staff should be required to retire on medical grounds, the Master, or an officer acting as the Master’s delegate, may, after consulting the Council, terminate the employment of the person concerned on those grounds.

Part V Appeals

38. This Part establishes procedures for hearing and determining appeals by members of the academic staff who are dismissed or under notice of dismissal or who are otherwise disciplined.

39. This Part applies to appeals against, or arising from:
   (a) any decision of the Council (or of a delegate of the Council) to dismiss in the exercise of their powers under Part II;
   (b) any proceedings, or any decision reached, under Part III other than disciplinary warnings issued under section 17 or section 18;
   (c) any dismissal otherwise than in pursuance of Part II or Part III;
   (d) any decision to impose a disciplinary penalty otherwise than in pursuance of Part III;
   (e) any decision reached under Part IV;
   (f) any proceedings, or any decision reached, under Part VII, including any decision reached in pursuance of section 61;

and ‘appeal’ and ‘appellant’ shall be construed accordingly.

40. The following shall not be subject to appeal:
   (a) a decision of the Council under section 11;
   (b) any finding of fact by a Disciplinary Committee under Part III, or by a Tribunal under Part VII, or any medical finding by a Medical Board appointed under section 34; save where, with the consent of the person or persons hearing the appeal, fresh evidence is called on behalf of the appellant at the hearing of the appeal.
41. (a) Subject to the provisions of subsection (b) below, an appeal under this Part shall be heard and determined by a person appointed for the purpose, being a person who holds or has held judicial office or who is a barrister or solicitor of at least ten years’ standing.

(b) A person appointed under subsection (a) above to hear an appeal shall sit alone, provided that, if he or she considers that justice and fairness so require, he or she may sit in company with two other persons so as to constitute an Appeal Tribunal. If such additional persons are appointed, at least one of the two shall be a member of the Regent House of the University not being a Fellow of the College.

(c) The procedure for the appointment of a person or persons to hear an appeal shall be prescribed by Ordinances made under this section.

42. A member of the academic staff may institute an appeal by serving on the Vice-Master notice in writing setting out the grounds of the appeal.

A notice of appeal shall be served within twenty-eight days of the date on which the document notifying the decision appealed from was sent to the appellant; provided that the person or persons hearing the appeal shall have power to hear an appeal submitted after that date if they consider that justice and fairness so require in the circumstances of the case.

The Vice-Master shall inform the Council of any appeal received and the date when it was served, and shall inform the appellant that he or she has done so.

43. The procedure to be followed in respect of the preparation, consolidation, hearing, and determination of appeals shall be prescribed by Ordinances made under this section. Without prejudice to the generality of the foregoing, such Ordinances shall ensure:

(a) that an appellant is entitled to be represented by another person, whether such person is legally qualified or not, in connection with and at any hearing of his or her appeal;

(b) that an appeal shall not be determined without an oral hearing at which the appellant, and any person appointed by the appellant to represent him or her, are entitled to be present and, with the consent of the person or persons hearing the appeal, to call witnesses;

(c) that full and sufficient provision is made for postponements, adjournments, dismissal of the appeal for want of prosecution, and for the correction of accidental errors; and

(d) that the person or persons hearing the appeal may set appropriate time limits for each stage (including the hearing itself) to the intent that any appeal shall be heard and determined as expeditiously as is reasonably practicable.

44. The person or persons hearing an appeal may allow or dismiss the appeal in whole or in part and, without prejudice to the foregoing, may:
(a) remit an appeal from a decision under Part II (or any issue arising in the course of such an appeal) to the Council for further consideration as the person or persons hearing the appeal may direct; or
(b) remit an appeal from a decision under Part III to be heard again either by the same Disciplinary Committee or by a differently constituted Disciplinary Committee to be appointed under that Part; or
(c) remit an appeal from a decision under Part IV for further consideration as the person or persons hearing the appeal may direct; or
(d) remit an appeal by the Master arising under Part VII to be heard again or reconsidered by the same Tribunal or by a differently constituted Tribunal to be appointed under that Part; or
(e) substitute any lesser alternative penalty that might have been imposed in respect of the original charge or charges under the provisions of Part III.

45. The person or persons hearing an appeal shall send written notification of their decision on the appeal and the reasons for it, including any decision reached in the exercise of their powers under section 44, together with any findings of fact different from those reached by the Council under Part II or by a Disciplinary Committee under Part III, as the case may be, to the Vice-Master and to the appellant.

Part VI Grievance procedures

46. The aim of this Part is to provide for the settlement or redress of individual grievances promptly, fairly, and by methods acceptable to all parties.

47. This Part applies to any complaint by a member of the academic staff which constitutes a grievance concerning his or her appointment or employment, where the grievance relates solely to matters affecting the member of the academic staff as an individual or to matters affecting his or her personal dealings or relationships with other members of the staff of the College, not being matters for which express provision is made elsewhere in this Statute.

48. If other remedies have been exhausted, a member of the academic staff may seek redress of a grievance by making a complaint to the Master.

If it appears to the Master that the matter has been finally determined under Part III, Part IV, or Part V, or that the complaint is trivial or unjustified, he or she may dismiss it summarily or take no action upon it.

If the Master is satisfied that the subject matter of the grievance could properly be considered with, or could form the whole or any part of, proceedings under Part III, Part IV, or Part V, he or she shall defer action upon it under this Part until such proceedings have been completed or the time for instituting them has passed.
If the Master does not dismiss the complaint or defer action upon it he or she shall decide whether it would be appropriate, having regard to the interests of justice and fairness, to seek to dispose of it informally. The Master shall notify the complainant of his or her decision under this section and shall proceed accordingly.

49. If the complaint has not been disposed of under section 48, the Master shall refer it to a Grievance Committee for consideration. Such a Committee shall comprise three Fellows of the College appointed by the Council.

50. The procedure to be followed in considering grievances shall be prescribed by Ordinance in such a way as to ensure that the aggrieved person and any person against whom the grievance lies shall have an opportunity to be heard and to be accompanied at the hearing by a friend or representative.

51. If the Committee decide that a grievance is justified, they shall make such proposals for the redress of the grievance as they see fit.

Part VII Removal of the Master from office

52. Any three members of the Council, or any twelve Fellows, may make a complaint to the Vice-Master seeking the removal of the Master from office for good cause.

53. The Vice-Master shall refer such a complaint to the Council, exclusive of the Master and the persons making the complaint. If it appears to the Council that the complaint is not supported by prima facie evidence of good cause for removal from office, or that it is trivial or unjustified, they may determine that no further action shall be taken upon it.

54. If it appears to the Council that the complaint is supported by prima facie evidence of good cause for the removal of the Master from office, they shall appoint a Tribunal to hear and determine the complaint. A Tribunal so appointed shall consist of three persons who are not Fellows of the College and are not employed by the College, as follows:

(a) one person who holds, or has held, judicial office, who shall be Chairman;

(b) two other persons.

55. If a complaint is to be referred to a Tribunal under section 54, the Vice-Master shall have power, after consulting the Council, to suspend the Master from the performance of his or her duties without loss of emolument.

56. A complaint referred to a Tribunal shall be dealt with in accordance with the procedure prescribed in section 26 above.

57. The Tribunal shall send their decision on the complaint, together with their findings of fact and the reasons for their decision, to the Master and the Vice-Master. The Tribunal shall draw attention to the period of time within which any
appeal should be instituted by ensuring that a copy of Part V of this Statute accompanies the notification of their decision sent to the Master.

58. If the Tribunal find that the complaint constitutes good cause for dismissal, the Vice-Master, after consulting the Council, may dismiss the Master.

59. The Master may institute an appeal against dismissal by serving on the Vice-Master notice in writing setting out the grounds of the appeal. A notice of appeal shall be served within twenty-eight days of the date on which the notice of dismissal was sent to the Master; provided that the person or persons appointed to hear the appeal shall have power to hear an appeal commenced after that date if they consider that justice and fairness so require in the circumstances of the case.

60. An appeal commenced under section 59 shall be heard in accordance with the provisions of Part V of this Statute, provided that any references in section 44 or section 45 to Part III shall be construed as referring to this Part.

61. For the purpose of the removal of the Master for incapacity on medical grounds, the provisions of Part IV and Part V of this Statute shall have effect, provided that the Vice-Master shall perform any duty or exercise any power there assigned to the Master.

AMALGAMATED TRUSTS FUND

Made under the Universities and Colleges (Trusts) Act 1943

The Original Scheme was approved by Order in Council dated 13 November 1947. A First Amending Scheme and a Second Amending Scheme were approved by Orders in Council dated 28 May 1953 and 23 June 1960 respectively. The Scheme is printed here as amended, but without its three schedules.

(1) Application of Scheme

This Scheme applies to the trusts specified in the First Schedule (Clause 13) all being trusts administered by the College itself.

(2) Property included in the Scheme: the Fund

All the property held by the College on or after 4 August 1946 on the said trusts shall be administered by the College as a single fund (which with all additions thereto is hereinafter called the Fund), except that the assets specified in the Second Schedule (Clause 14) shall be excluded from the Fund and the Scheme. The property included (or represented by assets included) in the Fund (as such property existed on 4 August 1946) is specified in the Third Schedule (Clause 15) and the said Second and Third Schedules show to which of the Trusts specified in the First Schedule the said assets and property were respectively attributable on 4 August 1946. In the accounts of the College the Fund shall be identified by the name of the Amalgamated Trusts Fund or any other distinctive name which the College may from time to time select as suitable.

(3) Initial Valuation: Shares in the Fund

The investments constituting the Fund shall be valued as on 4 August 1946 at the mid-market prices thereof, certified by the Chartered Accountants who are the Auditors for the time being of the accounts of the College. The total value of the Fund thus ascertained shall be treated as divided into the number of equal shares required for the following allocation, and there shall be allocated to each of the said specified trusts so many equal shares of the Fund as there are sums of £1 in the value (ascertained as aforesaid) of the property attributable to that trust and included in the Fund (fractions of £1 being disregarded if less than 10s. or being treated as sums of £1 if not less than 10s.).
(4) **Yearly valuations**

The College shall on or as soon as possible after 4 August in the year 1947 and in each subsequent year cause the Fund to be revalued as on that date, account being taken of any addition to or withdrawal from the Fund made since the previous 4 August, and its value (with the values of the shares belonging to the respective trusts concerned) to be recorded, and such revaluation shall be made in the manner prescribed for the initial valuation by the last foregoing clause. If any real or leasehold property be hereinafter acquired by the Fund the value thereof shall be estimated and certified by Chartered Surveyors nominated by the College and any loans from the Fund upon mortgage shall be included at their face value. Any reserve shall be included in the Fund as thus revalued or as valued under any other clause of this Scheme.

(5) **Distribution of Income**

Subject to the provisions hereinafter contained the net income of the Fund (and of any reserve) shall be allocated to and periodically distributed among the trusts concerned in proportion to the shares of the Fund for the time being belonging to such trusts respectively, and any income placed to a reserve account shall be treated as belonging to the trusts concerned in the like proportion.

(5A) **Realisation of Capital**

In the event of a capital payment being required from a trust included in the Fund or of unspent income which has been added to the capital of such a trust being required for expenditure as income in a subsequent year, the College may on the occasion of the annual revaluation of the Fund under Clause (4) of this Scheme pay out the proper sum from the Fund to the trust and cancel such number (to the nearest whole share) of the shares held by the trust as will represent at the newly determined value of the shares the sum required to be provided. For the purpose of raising such sum the College may sell any of the investments constituting the Fund.

(6) **Reserve Account and Provision against Capital Depreciation**

(a) The College in its discretion may, at any time or times, when it shall consider such a course to be prudent and advisable, retain and invest and place to a reserve account (for the purpose of eliminating or reducing fluctuations of income) any part or parts of the net income of the Fund (and of any reserve), and the College in its discretion may, at any time or
times, realise and apply any such reserve or any part or parts thereof for
supplementing the actual income derived from the Fund by the trusts
concerned and any contribution for University purposes required to be
paid in respect of the income placed to the reserve account shall be paid
out of the said reserve itself.

(b) The College in its discretion may at any time or times when it shall
consider such a course to be prudent and advisable withhold from
allocation to and distribution among the trusts concerned and retain in
and invest as part of the capital fund (as a provision against capital
depreciation) such part or parts of the net income of the Fund as it shall
think expedient.

(7) Reimbursement of Certain Expenses

The College may also retain for itself in or towards reimbursement of the
expenses incurred by it in the administration or valuation of the Fund any yearly
sum not exceeding 4% of the gross income for the time being of the Fund (and of
any reserve).

(8) Investment

The Fund (and any reserve) may be invested and the investment thereof may be
changed from time to time by the College in its discretion within the following
range of investments:

(a) securities (which term includes inter alia stocks funds and shares) of any
description, whether or not authorised by law for the investment of trust
funds;

(b) all investments or modes of application authorised for capital money by
Section 26 of the Universities and College Estates Act 1925 or any
statutory modification or re-enactment thereof.

Any power conferred by this Scheme to purchase land shall not be exercised
without the consent of the Minister of Agriculture, Fisheries and Food, and
sections 38 and 39 of the Universities and College Estates Act 1925 shall apply
to any such consent.

The Universities and College Estates Act 1925 shall apply to property
comprised in the Fund established by this Scheme, subject to the modification
that so much of the said Act as requires money arising from any sale or exchange
of land or other transaction affecting the land to be paid to the Minister of
Agriculture, Fisheries and Food shall not apply in relation to such property as
aforesaid.
(9) *Extension of Scheme: Additions to the Fund*

(a) The College in its discretion may at any time extend this Scheme to any trust or trusts administered by or for purposes in connection with the College (and capable of being included in the Scheme under Section 2 (I) (i) of the Universities and Colleges (Trusts) Act 1943) or to any further property or money (or any accumulated income) which may belong to any trust already included in the Scheme.

(b) The Trustees of any trust to which this Scheme shall have been extended to apply, which is not administered by the College, are hereby enabled to transfer to the College (for administration as part of the Fund) all, or any part or parts, of the property comprised in the trust.

(c) The Minister of Agriculture, Fisheries and Food is hereby enabled, on application made by him to the College, to transfer to the College (for administration as part of the Fund) any property held by him on behalf of the College on any trust to which this Scheme applies, or shall have been extended to apply.

(d) Provided always that in no case shall any property (other than cash) not authorised as an investment by Clause (8) of this Scheme be added to the Fund; and that on and for the purpose of any such extension or transfer as aforesaid the value of the Fund shall be decided and the shares thereof adjusted in accordance with the principles of Clause (3) and Clause (4) of this Scheme.

(10) *Payment of Costs*

All costs of valuation under Clause (3) or Clause (4) or Clause (9) of this Scheme and any other costs or expenses incurred from time to time in connection with the Fund or in or for the negotiation, preparation, completion, or carrying out of this Scheme (and not otherwise provided for) shall be paid out of the capital or income of the Fund and may in the discretion of the College be paid wholly or partially out of income though usually or normally attributable to capital.

(11) *Commencement Date*

This Scheme shall not come into operation until it has been submitted to His Majesty in Council for approval and has been approved by Order in Council. Provided that the initial valuation required to be made under the Scheme shall be calculated as on 4 August 1946 and all necessary apportionment of income and outgoings arising by reason of such valuation shall be made as from that date.

(12) *The College’s Power to act and delegate*

The College shall for all purposes of this Scheme act by the College Council.
